Explanatory statement

General information

This explanatory statement is an important document and should be read carefully. It comprises part of, and should be read in conjunction with, the notice of the annual general meeting (**AGM**) of members of Service Stream Limited to be held on Wednesday 21 October 2020.

If you have any questions regarding the matters set out in this explanatory statement (or elsewhere in the notice of AGM), please contact the Company, or your stockbroker or other professional adviser.

Resolution 1 – adoption of remuneration report

There will be an opportunity for shareholders at the meeting to comment on and ask questions about the remuneration report, which appears on pages 14 to 23 of the Company's 2020 annual report. The vote on the proposed resolution adopting the remuneration report is advisory only and will not bind the Company nor its directors. However, the Board will take the outcome of the vote into consideration when reviewing the Company's remuneration policy and practices.

The Corporations Act contains a 'two strikes' rule in relation to remuneration reports. Briefly, if at two consecutive AGMs 25% or more votes were cast against the resolution that the Company's remuneration report be adopted, a 'spill resolution' must be put to the vote at that AGM. If 50% or more shareholders vote in favour of a "spill" then the entire Board (except the Managing Director) are required to stand for re-election at a further general meeting which must take place within 90 days.

At the Company's 2019 AGM, approximately 3% of votes were cast against the resolution that the remuneration report be adopted. Accordingly, there is no requirement to allow for a possible spill resolution at this year's AGM.

The directors recommend that shareholders vote in favour of resolution 1.

Resolution 2 – Re-election of Peter Dempsey

The Company's constitution states the Company must hold an election of directors at each AGM (rule 7.1(h)) and further that no director who is not a managing director may hold office beyond the third AGM following the meeting at which the director was last elected or re-elected (whichever is the later) (rule 7.1(f)). In determining the number of directors to retire, no account is to be taken of the Managing Director or of a director appointed as an addition to the existing directors and who only holds office until the next AGM. A retiring director is eligible for re-election. In accordance with these requirements, Peter Dempsey retires by rotation at this year's AGM and, being eligible, stands for re-election.

Peter Dempsey was appointed to the Board in November 2010 and is a Non-Executive Director. He served as Chairman of the Board from November 2010 to February 2015.

Peter brings to the Board extensive construction and development expertise following a 40-year career in those industries. He spent 30 years at Baulderstone, including five years as Managing Director. He has

Notice of Annual General Meeting

specific expertise in engineering, strategic leadership, health, safety & environment, corporate finance, mergers & acquisitions and human resources.

Peter has extensive experience as a company director gained across ASX listed and private companies over the last 15 years. His relevant sector experience includes engineering, construction, utilities and telecommunications. Peter's experience includes Board leadership, governance and compliance, risk management, reporting and remuneration practices.

Peter is a Civil Engineer and holds a Graduate Diploma in Business Administration. He is a FIEAust, and a Member of the AICD.

Peter is Chairman of the Remuneration and Nomination Committee and a member of the Audit and Risk Committee.

Peter is currently a Non-Executive Director of Monadelphous Limited and has held no other listed company directorships in the last three years.

The directors (other than Mr. Dempsey) recommend that shareholders vote in favour of resolution 2.

Resolution 3 – Acquisition of securities by Leigh Mackender or his associate, under the FY21 Tranche of the Company's Long-Term Incentive Plan

The directors of the Company are entitled from time to time to invite Eligible Persons to acquire Securities on such terms as the directors may determine in accordance with the Service Stream Employee Share Ownership Plan (**ESOP**).

For the financial year ended 30 June 2021, the directors determined to make available a tranche of performance rights (**FY21 LTIP Tranche**) to senior executives of the Company including Mr. Mackender as a long-term incentive. The directors have determined to make 361,879 performance rights available to Mr. Mackender under the FY21 LTIP Tranche subject to shareholder approval.

Rule 10.14 of the ASX Listing Rules relevantly states that an entity must not permit a director to acquire securities under an employee incentive scheme without the approval of holders of ordinary shares. Subject to shareholder approval, it is proposed that Mr. Mackender or his associate, will acquire 361,879 performance rights under the terms of the FY21 LTIP Tranche (and subsequently shares underlying those performance rights to the extent that they satisfy the relevant vesting criteria).

The terms of the FY21 LTIP Tranche, including those that will be applicable to Mr. Mackender, are summarised as follows:

- a) Each participating senior executive (or their nominated associate) may acquire performance rights for nil consideration. The number of performance rights offered to an executive is calculated by reference to the executive's fixed annual remuneration, a long-term incentive participation rate (75% of fixed annual remuneration for Mr. Mackender) and an issue price of \$1.8667 per share.
- b) Each performance right entitles the holder to be issued one ordinary share in the Company for nil consideration provided they remain an employee of the Company on 30 June 2023 and provided that certain other vesting conditions have been satisfied, including those described below.

The performance rights granted will each vest where the following vesting conditions are met:

- a) 50% of the performance rights granted will each vest where the Company's Adjusted Earnings Per Share (**EPS**) for the financial years ending 30 June 2021, 30 June 2022 and 30 June 2023 (**Performance Period**) meet the Adjusted EPS targets for each of those financial years, as determined by the Board at the commencement of each financial year (**EPS Targets**); and
- b) 50% of the performance rights granted will each vest where the Company's Total Shareholder Return (**TSR**) over the Performance Period is such that it would rank in the top quartile of a relevant peer group of companies to be determined by the Board.

The performance rights are subject to proportional vesting according to the tables below where the vesting conditions specified above are not fully met.

Earnings Per Share (50% weighting)

Percentage of performance rights that vest	EPS Target
0%	Below Previous year's Adjusted EPS (where < current year target)
40%	At Previous year's Adjusted EPS (where < current year target)
Proportional vesting	Above the previous year's Adjusted EPS (where < current year target) and less than 100% of Target
100%	100% and above

Relative Total Shareholder Return (50% weighting)

Percentage of performance rights that vest	TSR ranking
0%	Below the 50th percentile
50%	At the 50th percentile
Proportional vesting	Above the 50th percentile, but below the 75th percentile
100%	75th percentile or above (top quartile)

The performance rights vest in accordance with the greater of:

- a) the sum of vesting arising from each of the three financial years that comprises the Performance Period (with a 1/3rd weighting per year) to the extent that the Company's EPS and Relative TSR performance meets the targets in the tables above for each year individually; and
- b) the vesting arising from the extent to which the Company's average annual EPS and Relative TSR performance meets the targets in the tables above over the entire Performance Period.

The number of shares which an executive (or his or her associate) is entitled to acquire is based on the

Notice of Annual General Meeting

Company's total shareholder return relative to a relevant peer group of companies (in relation to 50% of the performance rights granted), and the Company's earnings per share (in relation to the other 50% of the performance rights granted), in respect of the financial years ended 30 June 2021, 30 June 2022 and 30 June 2023.

Board considerations:

In setting the vesting criteria to apply to the FY21 LTIP, the Board has considered various factors including feedback received from major shareholders and proxy advisors. The Board is strongly of the view that the structure, conditions, and operation of the LTIP scheme is the most appropriate for the Company because:

- the retesting regime at the end of the three-year period (based on the aggregate or average results for that period) allows the Board to take a longer-term outlook;
- the Board is conscious that contracting businesses like the Company can be subject to market volatility and encounter issues that adversely impact individual years and therefore a retesting regime at the end of the three-year period is appropriate;
- management should be rewarded to the extent that the business' performance over the entire period of review meets the set targets for that period;
- the review period accords with the average length of the Company's annuity and panel client contracts, being 3-4 year terms, thereby enabling performance under the full term of each contract to be recognised; and
- the service criteria (i.e., the requirement that the participant remain employed by the Company at the end of the three-year period) and the retesting arrangement provide significant focus on a longer time horizon.

In response to concern that EPS Targets are not disclosed and may be insufficiently challenging, the Board has reduced the weighting of the EPS-related vesting criteria from 80% to 50%, and can assure shareholders that the EPS Targets that are set are directly related to each year's corporate budget which is only approved by the Board after a rigorous review to ensure they contain sufficient stretch for Management. The hurdles are retrospectively disclosed in the Remuneration Report in the context of reporting the extent to which the LTI rights have progressively vested.

On the matter of the relevant peer group of companies for determining TSR, the Board has, for many years, considered the ASX 200 Industrial Index as the most appropriate and relevant peer group.

It is noted that the Board sought independent external advice from market experts in determining the structure of the LTIP scheme. Importantly, the FY21 LTIP is similar to the LTIP scheme that the Company has operated for many years.

Other matters:

Performance rights vest when the Company determines that the vesting conditions have been met. The shares underlying the performance rights must be issued within 14 days of the later of that date and the date on which the Company releases its results for the financial year ended 30 June 2023.

The executive (or his or her associate) will not have any rights in respect of shares in the Company underlying any performance rights acquired under the FY21 LTIP Tranche (such as dividend and voting rights) unless and until the shares are issued.

Subject to some exceptions (such as those described below), performance rights will be forfeited if the executive resigns from employment with the Company or a subsidiary, commits an act of fraud in relation to the affairs of the Company or a subsidiary, or is dismissed from employment or office with the Company or a subsidiary because of serious misconduct, material breach, gross negligence or any conduct that provides grounds for termination without notice.

If an executive resigns from the Company or a subsidiary, the directors have discretion to issue shares to that executive (or his or her associate) in respect of financial years during the Performance Period which ended before the executive's employment ceased where the directors determine that the executive performed consistently at an outstanding level.

Further, if an executive ceases employment with the Company or a subsidiary because of his or her death or permanent disability, or because the executive is aged 55 or older and retires from permanent employment, or because the executive's contract of employment is terminated due to genuine redundancy, the performance rights relating to the financial years during the Performance Period which ended before the executive's employment ceased that have not vested will not be forfeited.

If the grant of performance rights to, and acquisition of shares by Mr. Mackender or his associate, is not approved by shareholders, Mr. Mackender will be entitled to a cash payment equal to the market value of the shares that would have been issued to him (or his associate) had shareholder approval been obtained.

Rule 10.14 also states that the notice of meeting to obtain shareholder approval must comply with rule 10.15 of the ASX Listing Rules. The Company has prepared this notice of meeting so that it complies with rule 10.15, and provides the following information for that purpose:

- a) The grant of performance rights is to Mr. Leigh Geoffrey Mackender, who in accordance with rule 10.14.1, is a director of the Company.
- b) The maximum number of performance rights which may be granted to Mr. Mackender or his associate, under the FY21 LTIP Tranche is 361,879 performance rights. Assuming Mr. Mackender is entitled to be issued all of the shares underlying those performance rights, he would be issued 361,879 fully paid ordinary shares in September 2023.
- c) The value attributed by the Company to the performance rights proposed to be granted to Mr. Mackender under the FY21 LTIP Tranche is \$675,518.70, being 75% of Mr. Mackender's total fixed remuneration. The value that Mr. Mackender actually receives from the grant will depend on the number of performance rights that vest (if any) and the value of the Company's shares at that time.

Notice of Annual General Meeting

- d) Mr. Mackender's current total remuneration package is:
- i. Total Fixed Remuneration: \$900,691.60 (inclusive of superannuation);
 - ii. Short-Term Cash-Based Incentive: 50% of Total Fixed Remuneration, \$450,345.80 target (with maximum opportunity capped at 100% of target); and
 - iii. Long-Term Share-Based Incentive: 75% of Total Fixed Remuneration, \$675,518.70 target (with maximum opportunity capped at 100% of target).
- Further details on Mr. Mackender's total annual remuneration package for FY20 are set out in the Company's remuneration report.
- e) The number of securities that have previously been issued to Mr. Mackender under the Company's Long-Term Incentive Plan are:
- i. At the 2019 AGM, shareholders approved the acquisition by Mr. Mackender of 238,544 performance rights under the FY20 LTIP Tranche (and up to 238,544 fully paid ordinary shares in the Company underlying, and issued in the accordance with the terms of those, performance rights). Assuming that Mr. Mackender is entitled to be issued all of the shares underlying those performance rights, he would be issued 238,544 ordinary shares in September 2022 for no consideration.
- f) No consideration is payable by Mr. Mackender or his associate, for any performance rights granted to him (or ordinary shares underlying those performance rights issued to him) under the FY21 LTIP Tranche.
- g) No performance rights have been granted, and no ordinary shares underlying those performance rights have been issued, to Mr. Mackender or his associates, under the FY21 LTIP Tranche.
- h) Mr. Mackender or his associates are the only directors, associates of directors or other persons referred to in rule 10.14 who may be granted performance rights under the FY21 LTIP Tranche (or issued shares underlying those performance rights). As at the date of this notice of meeting, no securities have been issued under the FY21 LTIP Tranche to any director or other person referred to in rule 10.14.
- i) No loans have been given by the Company in relation to the grant of performance rights or acquisition of shares.
- j) Each annual report of the Company relating to a period in which performance rights or shares have been issued, granted to, or acquired by, a director, an associate of a director or other person referred to in rule 10.14 will include:
1. details of any such issue, grant or acquisition; and
 2. a statement that approval for the issue of those securities to those persons was obtained under rule 10.14.
- k) Any additional persons referred to in rule 10.14 who become entitled to participate in the FY21 LTIP Tranche after resolution 3 has been passed and who were not named in this notice of this meeting will not participate in the FY21 LTIP Tranche until approval is obtained under rule 10.14 of the ASX Listing Rules.

- l) If resolution 3 is passed, the performance rights will be granted to Mr. Mackender as soon as reasonably practicable following the AGM. Any underlying shares which Mr. Mackender or his associate, is entitled to acquire will be issued within 14 days of the later of the date that the Company determines that the vesting conditions have been met and the date on which the Company releases its results for the financial year ended 30 June 2023, which will be on or before 30 August 2023.

The directors (other than Mr. Mackender) recommend that shareholders vote in favour of resolution 3.
