

Road works on the Peninsula Link Freeway continuing from 19 August 2025

Community notification

August 2025

Peninsula Link is carrying out major road works along 14 kilometres of the freeway to maintain a safe and reliable connection for drivers travelling between the Mornington Peninsula and Melbourne's south-east.

We will undertake these works in sections, rebuilding the freeway from the ground up, replacing layers of pavement below the road surface to make it stronger and better suited to road conditions.

The third stage of works will involve reconstructing a section of the freeway between Bungower Road and Frankston-Flinders Road in the northbound direction.

Please refer to the map overleaf.

When we'll be working

We will be working at this location for up to 27 days, from 10pm Tuesday 19 August to Thursday 25 September, before moving on to the next work area.

Works will be carried out during the day and night, seven days a week.

Exact work dates are subject to weather conditions.

Upcoming works: From 10pm 19 August to Thursday 25 September

To ensure the safety of motorists and our workers, lane and ramp closures will be in place within the work zone at times, as follows:

- One northbound lane will be closed from 10pm Tuesday 19 August to Thursday 25 September.

- The northbound entrance ramp from Bungower Road and the northbound exit ramp to Frankston-Flinders Road will be closed at times. Detour west via Bungower Road, Moorooduc Highway and Sages Road or east via Bungower Road, Coolart Road and Frankston Flinders Road.

Access to the service station junction will be maintained at all times.

Once these works have been completed, a temporary speed limit of 80km/hr will be implemented until crews return in November to lay the final surface.

Motorists are advised to plan ahead, allow extra travel time, and follow the instructions of traffic controllers and signage around the worksite.

Visit peninsulalink.com.au for updates on the works.

There may be disruptions to public transport services during the works. Please visit the Public Transport Victoria website (ptv.vic.gov.au) for the latest updates.

What will this mean for you?

During the works, you may notice:

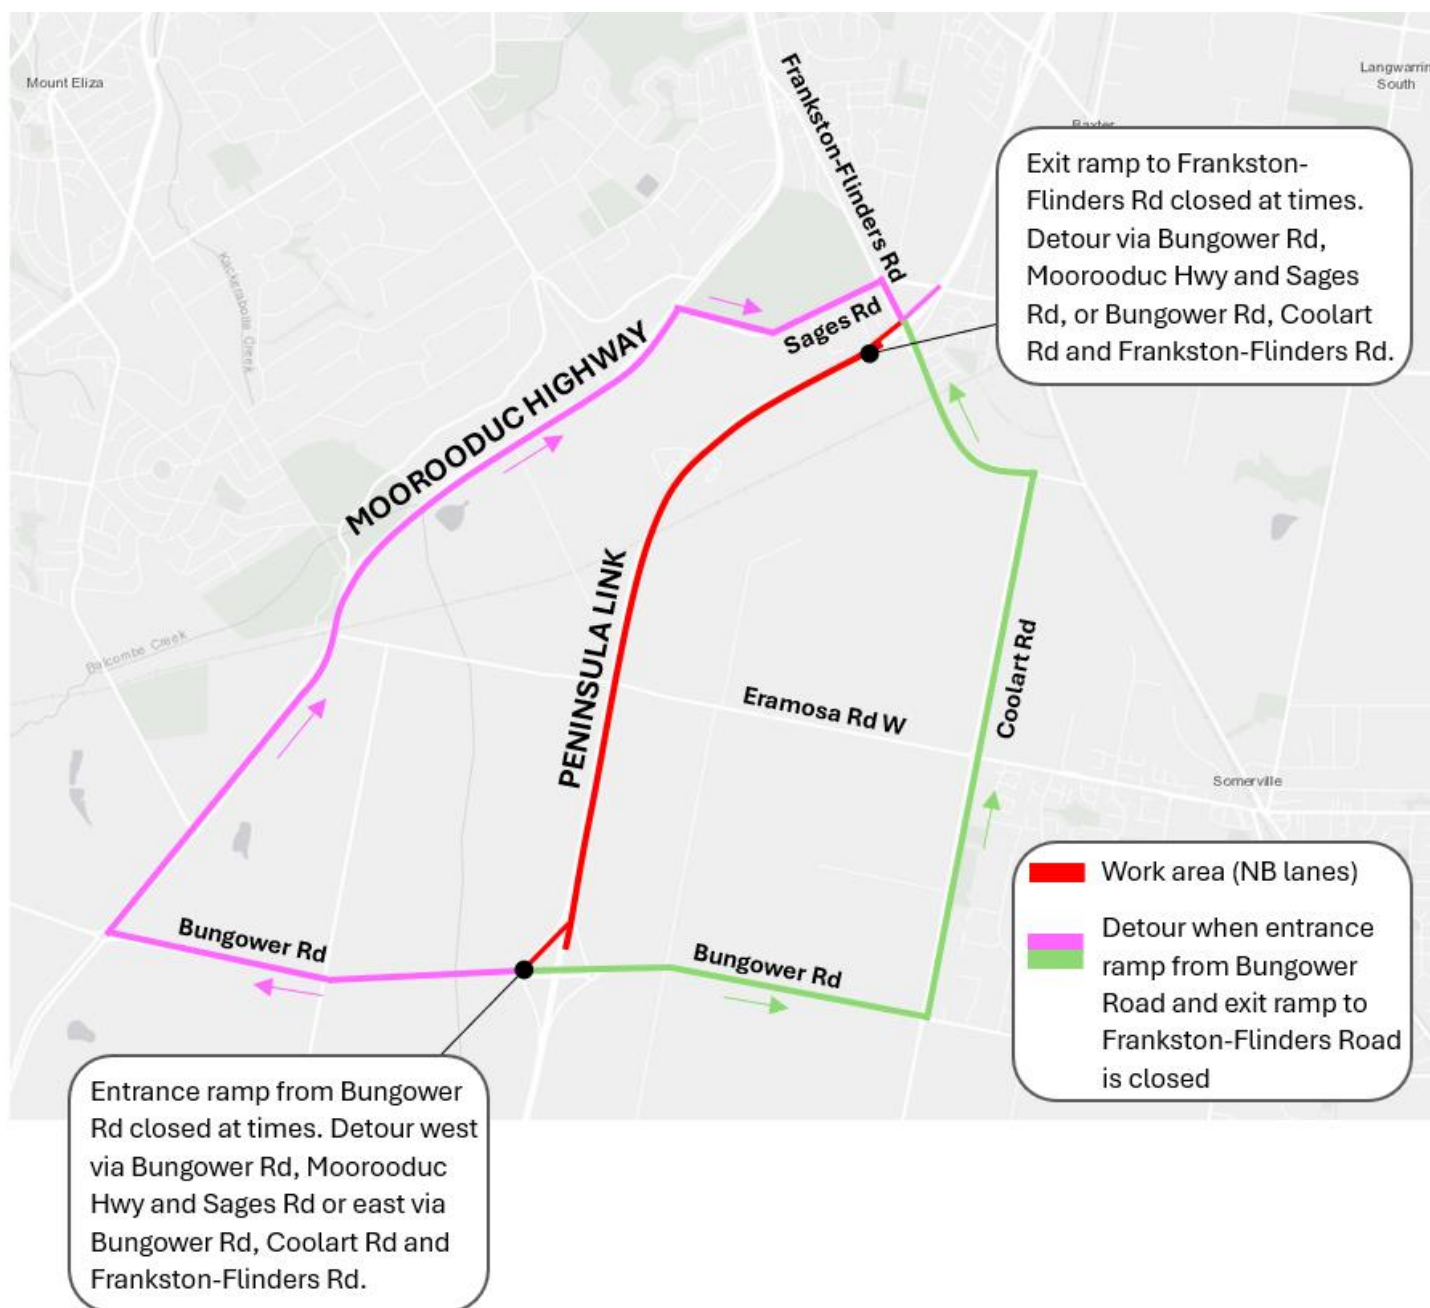

- workers and vehicles
- traffic controllers and signage
- road closures and reduced speed limits
- noise from machinery and equipment.

Stay up to date

Visit peninsulalink.com.au for more information about these works. If you would like to be notified about other upcoming works on the freeway, you can contact us on 03 8592 6689 or peninsulalink@servicestream.com.au.
