

Road works on the Peninsula Link Freeway from 28 July 2025

Community notification

July 2025

Peninsula Link will be carrying out major road works across 14 kilometres of the freeway to maintain a safe and reliable connection for drivers travelling between the Mornington Peninsula and Melbourne's south-east.

We will do these works in sections, rebuilding the freeway from the ground up, replacing layers of pavement below the road surface to make it stronger and better suited to road conditions.

The first stage of works will involve reconstructing a section of the freeway just south of Old Moorooduc Road in the northbound direction.

Please refer to the map overleaf.

When we'll be working

We will be working at this location for up to 10 days, from 10pm Monday 28 July to 10pm 7 August, before moving on to the next work area. We will notify the public in advance of starting the next stage of works.

Works will be carried out during the day and night, seven days a week.

Exact work dates are subject to weather conditions.

Upcoming works: From Monday 10pm 28 July to Thursday 7 August

To ensure the safety of motorists and our workers, lane and ramp closures will be in place within the work zone at times, as follows:

- The fast lane will be closed for up to five days while the slow lane remains open to traffic.

- After this, the slow lane will be closed for up to five days while the fast lane stays open.
- The Moorooduc Highway off ramp will also be closed for up to five days while work is being carried out on the slow lane. A detour will be in place via Bungower Road during this time.

Once these works have been completed, a temporary speed limit of 80km/hr will be implemented until crews return in September to lay the final surface.

Motorists are advised to plan ahead, allow extra travel time, and follow the instructions of traffic controllers and signage around the worksite.

Visit peninsulalink.com.au for updates on the works.

Disruptions expected to bus routes 887 and 788 due to delays from these works. Please visit the Public Transport Victoria website (ptv.vic.gov.au) to check if you're impacted and for the latest updates.

What will this mean for you?

During the works, you may notice:

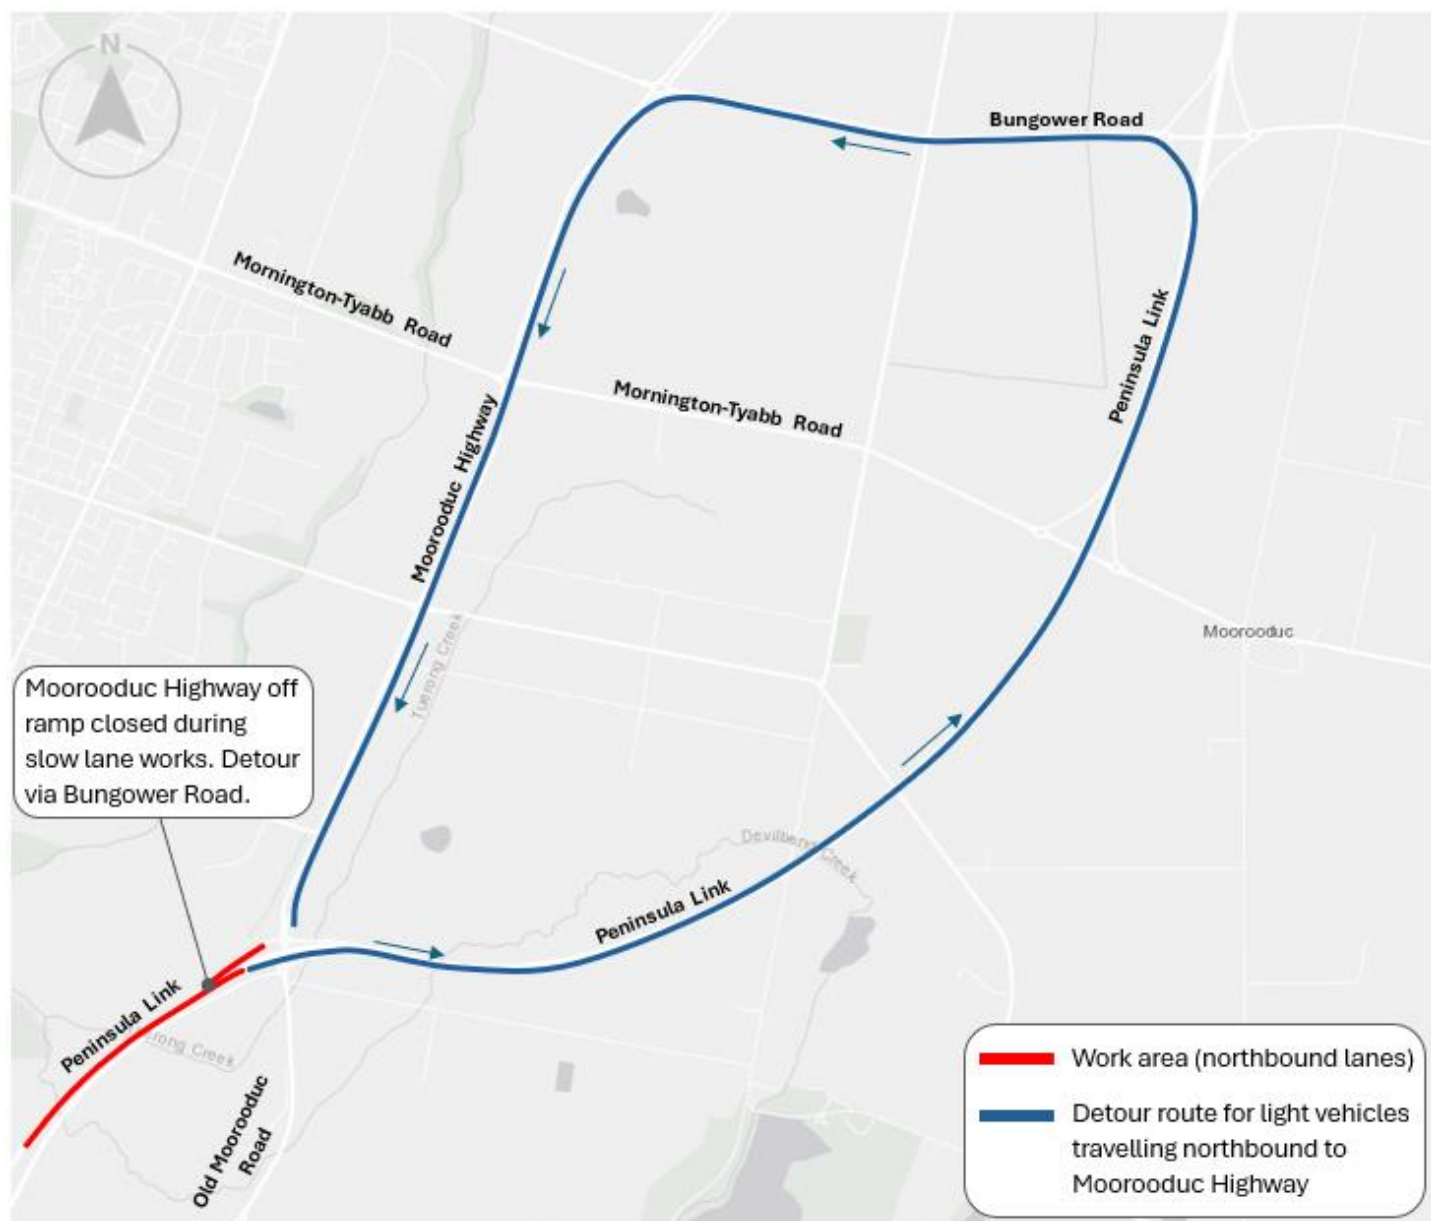

- workers and vehicles
- traffic controllers and signage
- road closures and reduced speed limits
- noise from machinery and equipment.

Stay up to date

For more information about these works and disruptions, or if you would like to be notified about other upcoming works on the freeway, you can contact us on 03 8592 6689 or peninsulalink@servicestream.com.au.
