

Road works on the Peninsula Link Freeway continuing from 1 February

Community notification

January 2026

Peninsula Link is carrying out major road works along 14 kilometres of the freeway to maintain a safe and reliable connection for drivers travelling between the Mornington Peninsula and Melbourne's south-east.

We will undertake these works in sections, rebuilding the freeway from the ground up, replacing layers of pavement below the road surface to make it stronger and better suited to road conditions.

The next stage of the works will see crews placing waterproofing layers on the bridge over the tourist railway between Baxter and Eramosa Rd, installing new traffic counting loops, reinstating the speed camera sites, placement of the new OGA pavement surfacing and final line-marking.

Please refer to the map overleaf.

When we'll be working

We will be working at this location for up to 12 days, from 8pm Sunday 1 February to 10pm Thursday 12 February, before moving on to the next work area.

Works will be carried out during the day and night, seven days a week.

Exact work dates are subject to weather conditions.

Upcoming works: From 8pm 1 February to Thursday 12 February

To ensure the safety of motorists and our workers, lane and ramp closures will be in place within the work zone, as follows:

- Only one southbound lane will be open from 8pm Sunday 1 February to Thursday 12 February.

- The southbound entrance ramp from Frankston-Flinders Road will be closed at times. Detour via Frankston-Flinders Road, Moorooduc Highway and Bungower Road.
- The southbound exit ramp to Bungower Road will be closed at times. Detour via Mornington-Tyabb Road and Moorooduc Highway.

With the exception of a single overnight closure, access to the service station junction will be maintained at all times.

Delays of up to 15 minutes at peak times are expected. Motorists are advised to plan ahead, allow extra travel time, and follow the instructions of traffic controllers and signage around the worksite.

Visit peninsulalink.com.au for updates on the works.

Disruptions are expected to bus route 887 due to detours in place for the works. Please visit the Transport Victoria website (transport.vic.gov.au) for the latest updates.

What will this mean for you?

During the works, you may notice:

- workers and vehicles
- traffic controllers and signage
- road closures and reduced speed limits
- noise from machinery and equipment.

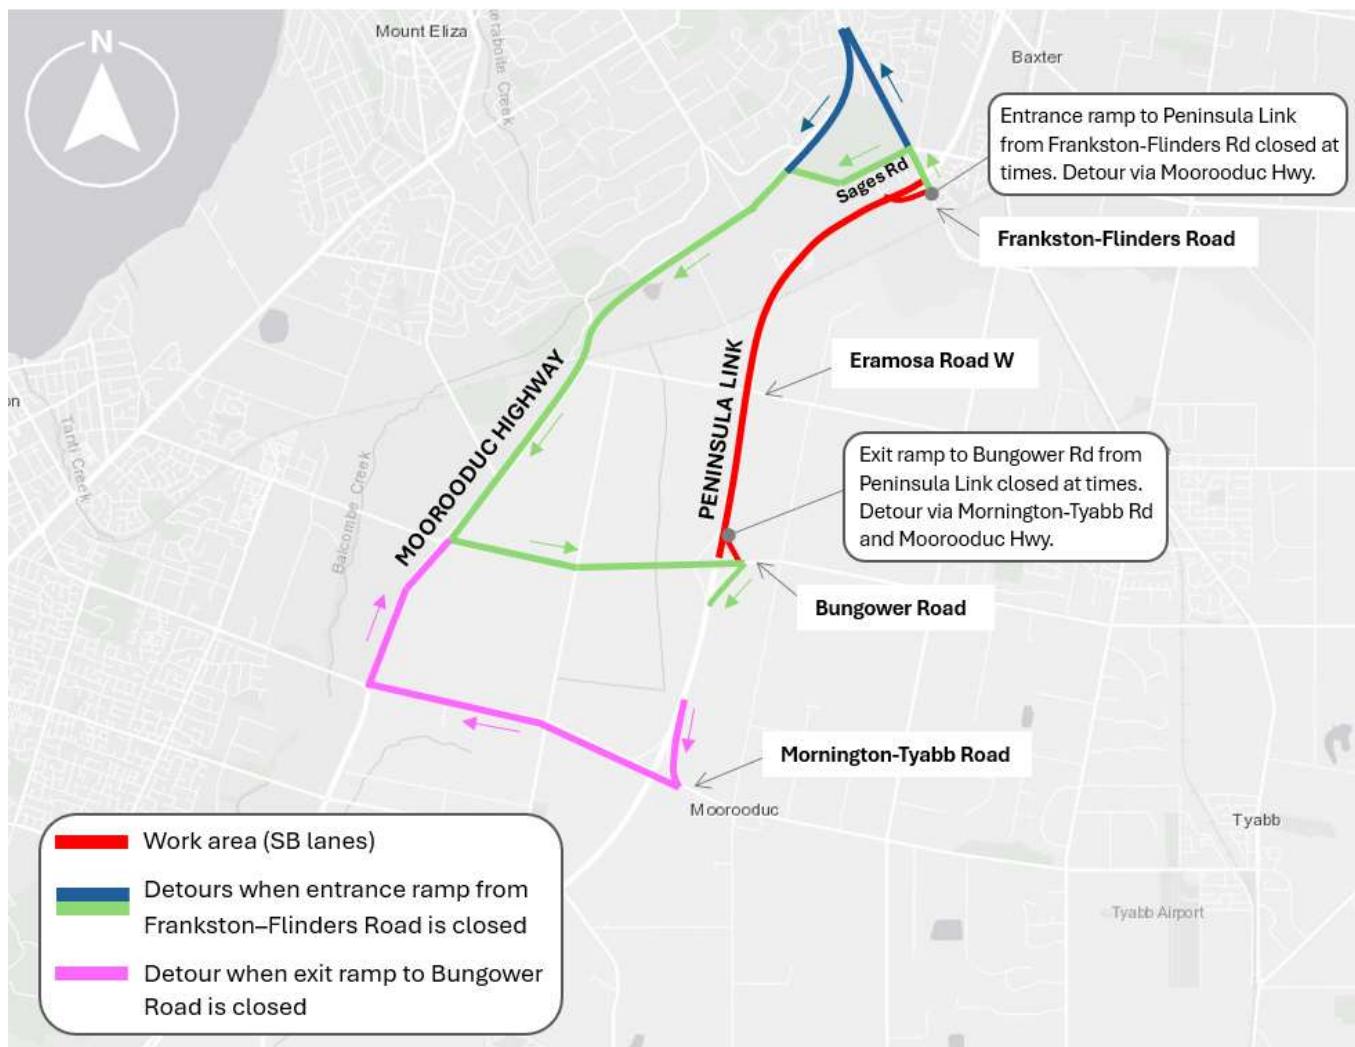

Stay up to date

Visit peninsulalink.com.au for more information about these works. If you would like to be notified about other upcoming works on the freeway, you can contact us on 03 8592 6689 or peninsulalink@servicestream.com.au.
